PROGRAMME OVERVIEW:

Gain experience in how Law is practised in Perth, Australia.

When Captain James Stirling and his settlers arrived in Western Australia in June 1829, one of their first activities in establishing the colony was to set up a judicial system. They did this under the authority of the British Secretary of State for the Colonies.

Eight justices of the peace were engaged to address all justice matters from administration to handing down punishments for crime. Australia had not developed its own laws at this time, so British law was used. The first court hearing in Western Australia was held in July 1830. Initially, only four months each year were allocated for court hearings. However by 1843 there were enough cases to justify the court opening every month.

Today, Perth continues to serve as the seat of Government for Western Australia. Perth houses the Parliament of Western Australia, and the Governor of Western Australia. The metropolitan area is divided into over thirty local government bodies. Australia's High Court holds regular sittings in Perth, with permanent Federal and Family court operations. The highest court under Western Australian law, the Supreme Court is based in Perth, along with the district and local courts.

The Law Programme

This project offers volunteers the opportunity to experience life as a legal professional. **PLEASE NOTE: you must have completed your law degree in order to do this project.**

Work experience, even if it is only for a short period, will give you a good insight into the practice of law and the legal system, the standards expected by employers and most importantly, will strengthen your CV!

Getting law related work experience gives you the skills, personal qualities and motivation to get through training and enter practice. It also shows employers that you are committed and serious about a career in law. But...one of the greatest benefits of doing work experience is that you'll meet new people and expand your network.

LOCATION:

Western Australia is home to some of the best and largest surfing waves in the world, white sandy beaches and a virtually untouched coral reef stretching for 260km!

Our programs are based in Perth, the gateway and capital city of Western Australia (WA). Of the almost two million people that live in Western Australia, the vast majority reside in the state's capital. Perth was settled on the banks of the Swan River in the 1800s and leaves a lasting impression on all of its visitors.

Perth's brilliant blue skies and warm sunny climate must be experienced to be believed. Perth is said to have the most days of sunshine of any capital city in Australia. There is always plenty to do in this sophisticated and scenic city – enjoy water sports on the Swan River, sample local wine or explore the 400 hectares of natural bush land in central Kings Park.

Perth is also the home of the world's oldest operating mint (where gold and silver production can be seen), numerous museums and art galleries, historic buildings full of character, a five-star resort and casino and a great variety of shopping - all of which are only minutes from the Central Business District. Perth boasts over 80 kilometres of white sandy beaches to sunbathe on – the most popular being Cottesloe and Scarborough, both within easy reach of the city.

Northbridge is Perth's cultural and entertainment area, just a few minute's walk north of Perth City the other side of the train station. Northbridge is home to a number of pubs, nightclubs, bars, cafes, shops, galleries and oh so many restaurants!

ACCOMMODATION & FOOD:

You'll be accommodated in a centrally located lodge that is friendly and relaxing, making it ideal for long term stays. Your accommodation is located in the CBD (Central Business District) of Perth, Western Australia. Therefore you are very central, close to the main train station and shopping district. You'll have your own room, but will share a bathroom with others on your floor.

There is an excellent kitchen and storage area for cooking meals and plenty of space to relax. Entertainment at your accommodation includes a pool table, cheap internet access, arcade machines and cable TV (Foxtel), to name a few. But with all the sunshine Perth has – you'll be out and about enjoying the many outdoor activities! You

COUNTRY PROFILE:

Australia's most striking feature is its variety of landscapes, with endless miles of unspoilt beaches (over 7,000 beaches - more than any other nation), tropical rainforests, mountain ranges and huge areas of desert - the famous 'outback'. The natural scenery is unbeatable.

Australians are known for their love of life and enjoyment of the great outdoors. While Australians have a relatively short history they have quickly developed their own unique culture - with their love of the humble meat pie, the arts and music, sport (Australian Rules Football is the national game), the beach and BBQs.

Visitors maybe confused when first arriving in Australia. While it's common knowledge that Australians speak English, you may hear a unique colloquial language. You'll hear words such as 'G'day', 'fair dinkum', and 'cobber'. Don't worry, you'll get the hang of it and will be talking like an Aussie in no time!

Perth's weather and climate is best described as Mediterranean, with long dry summers and mild rainy winters. It is because of these long hot summers that many Perth activities revolve around the water. So if you enjoy water sports such as swimming and surfing or lazing on clean sandy beaches, Perth is the perfect destination.

The hottest months are January and February, and temperatures can frequently reach the mid to high 30's Celsius (95-100F). Occasionally the weather can reach 38 degrees Celsius or more (100+ Fahrenheit), and when it does, it is colloquially referred to as "a scorcher".

The mild Perth winter begins at the start of June and finishes in September. It is generally a rainy season, interspersed with chilly yet sunny days. A typical Perth winter day may fall between 16-18 degrees Celsius (60-65 degrees Fahrenheit).

THINGS TO DO IN AUSTRALIA:

- **Cities on the East Coast** include Sydney, Melbourne, Brisbane and Cairns. Sydney has one of the most instantly recognisable Skylines in the world, where sunset views of the Opera House and Harbour Bridge are unforgettable. If you're feeling brave you can arrange to climb the Harbour Bridge - a 52 tonne structure! Sydney also has excellent nightlife, cuisine from around the world, many parks and museums, and not far from the city some incredible mountainous scenery. Many people don't realise that Sydney is not actually the capital of Australia - it's nearby Canberra, the country's political centre. Manly beach and the famous **Bondi Beach**, two popular surfing spots, are both located near Sydney.
- **Melbourne** is the state capital of Victoria and is the second largest city in Australia. Melbourne is very much about lifestyle with its vibrant energy, staggering choice of restaurants, funky boutiques, café-filled laneways, cool bars, unbeatable galleries, lush parks and village-like inner suburbs. New futuristic designs combined with the Melbourne of old create a fascinating mix of architecture and ensures the skyline is constantly changing. A standing joke in Australia is that Melbourne can experience four seasons in a day but this is really just another example of how they have it all!
- **Byron Bay** and **Noosa**, located further north and close to Brisbane, are very popular for surfing and are good for professionals and amateurs!
- **Fraser Island**, the largest sand island in the world. This protected region has over 100 freshwater lakes, ancient rainforests growing out of sand, and dunes stretching for miles.
- **The Great Barrier Reef**, located along the East Coast of Australia, is the largest coral reef in the world and wonderful place to learn to dive or simply snorkel. North of Cairns the region of **Cape Tribulation** has some spectacular beaches backed by rainforest.

- **Uluru** is a must see (also known as Ayres Rock). This sacred Aboriginal Meeting place, located in the middle of the outback, offers inspirational views, particularly at sunrise and sunset. Camping trips under the stars are popular. Nearby Kings Canyon, a less well known 'Grand Canyon' is another unforgettable site and something that everyone should see on a visit to Australia.
- **Endless Sandy Beaches.** On the West Coast of Australia, between Perth and Broome, there are miles and miles of perfect sandy beaches. Excellent wreck diving is abundant around Perth and this is also one of the best places to learn to dive in Australia. There are also plenty of snorkelling and other water sports on offer around Perth. As the majority of Australia's 20 millions residents live close to the coast, beaches are an important part of life, and there are certainly plenty to choose from. Surfing, Snorkelling, Diving, Sailing and all other water sports are plentiful - so much so that Australian Dollar Notes are waterproof, just in case you should leave them in your shorts by accident!
