## PROJECT OVERVIEW

You will be working at a school in Auckland, the largest city in New Zealand. Auckland is known as the city of sails and is surrounded by beautiful islands and extinct volcanoes. There is a shortage of teachers in New Zealand so you'll really be able to help make a difference here.

You will work as an assistant to the main teacher and will get involved in a variety of subjects. The school has a large number of ethnic children who are classed as the under-privileged community in Auckland. All of the schools are 'low decile' schools, either decile 2 or decile 4 with decile 1 schools being the schools with the lowest socio-economic communities - and decile 10 schools being at the other end of the scale, which means the children come from a very poor social and economic background in New Zealand. There are children from many different communities and countries at the school such as Maori, Somalia, Ethiopia, Tonga and Samoa. These children come from lower socio-economic areas of Auckland.

## WORK CONTENT

You will be working as an assistant to the teacher at the school, thereby assisting him or her during their lessons and giving greater attention to the children in the classes. You will have the opportunity to work one-to-one and in small groups with the children to really give them the attention they need. This close interaction and undivided attention from you plays a very beneficial part in helping to raise their standards of education.

Class sizes vary between 20 and 30 children in each class and you will be teaching children between the ages of 4 and 12.

As an assistant teacher at the school you will be involved in a number of different subjects such as:

- English
- Maths
- Sports
- History
- Geography
- Music
- Drama
- Art

... and possibly other academic subjects. If you'd like to teach a specific subject that is not listed here, please let us know and we'll arrange it for you.

## A TYPICAL DAY

## LOCATION

Auckland is the gateway to New Zealand and a great place to start your travels. Water is at the heart of what has become New Zealand's most populated city, and its position on a thin stretch of land tucked between two harbours encourages an active, outdoor lifestyle. The many yachts that sail through the harbours and across the adjoining Hauraki Gulf have led to Auckland's name as the 'City of Sails'. Auckland is incredibly picturesque, with a backdrop of extinct volcanoes looking out across the many islands clustered around the coast.

## ACCOMMODATION & FOOD

You'll be accommodated in a centrally located lodge that is friendly and relaxing, making it ideal for long-term stays. You may have your own room or you may share a room with other volunteers. There is an excellent kitchen and storage area for cooking meals and plenty of space to relax.

Entertainment at your accommodation includes cheap internet access and cable TV (Sky) as well as an outside balcony. You are literally a stroll from the Sky Tower, harbour and waterfront. Trains and buses are also only a few minutes away to take you to parts of Auckland and New Zealand or to the many other 'things to do'!

The city centre boasts great shopping, restaurants and pubs or head over to the viaduct for more pubs, nightclubs and multicultural cuisine.

## INDUCTION ON ARRIVAL

When you arrive, you will be welcomed at the airport by our New Zealand Manager, who will take you to your accommodation. During your first few days you will be given an induction so that you can learn about Auckland and its culture, as well as useful information like how to use the transport system etc.

## GETTING TO YOUR PROJECT

Transport budget is not included in your placement. You'll travel to your project using public transport. On your first day, you'll usually be accompanied by a Travellers team member who will show you how to use public transport to get to your placement. If you have any questions regarding the transport routes please ask your organiser who will be happy to help you.

## VISAS

Visa requirements may differ between different nationalities, but don't worry we will liaise with you about your visa requirements, and make the visa process very easy.

## POLICE CHECKS

Within New Zealand Law it is compulsory for all volunteers who work with children to undergo a police check. These checks are done to ensure the safety of children in New Zealand.

The checks are a simple process and we will provide you with all the details of what identity you need to take with you. On your arrival in Auckland, our New Zealand manager will complete the checks with you and take you through the process. As soon as you have registered, you'll be allowed to start working with children.

The fee for the checks is included in your project price and we will ensure that you have all the relevant information before you come to New Zealand.

## COUNTRY PROFILE

New Zealand is a must see destination – with its stunning scenery of rolling hills, beautiful mountains and amazing beaches it's no wonder New Zealand is one of the most popular places to visit in the world! New Zealand's most striking feature is its variety of landscapes, with great beaches, mountain ranges, big lakes, volcanoes and geysers. Tourism in New Zealand rose dramatically after the success of the Lord of the Rings Trilogy, filmed on location throughout New Zealand. Auckland has a mixed climate. The hottest months are January and February where temperatures can frequently reach the mid to high 20's. Occasionally the weather can reach 30+ degrees.

## THINGS TO DO IN NEW ZEALAND

This is an infinite list! New Zealand was made for all interests, passions, tastes and senses of adventure! You can throw yourself off a building attached to a bungee in Auckland, enjoy the serenity of Lake Taupo, bathe in natural hot springs in Rotorua or look for Hobbits in Mata Mata, and that's just the North Island! New Zealand really has it all - you will never forget your time there!

### The North Island:

**Auckland** is dotted with the Hauraki Gulf islands, some of which are minutes away from the city and make great day trips. The islands provide a good escape from the hustle and bustle of the city and provide good views of Auckland as you sail away.

The most popular island is Rangitoto which includes a 50 minute hike to the top of the summit where you can look down into the crater of the extinct volcano which erupted for its last time 600 years ago.

**Waiheke Island** is also a popular place to visit and is close to Auckland by ferry. The island boasts many beautiful beaches and rolling hills with vineyards on them. The Great Barrier Island is the largest island in the gulf and is a very rugged and scenic island - it is 88km from Auckland.

**Northland & Bay of Islands:** Northland is the winterless paradise, with varied and spectacular scenery – beautiful beaches, awesome trees, lush national parks and world-class dive sites.

#### **The South Island:**

Christchurch has a number of attractions and is a major stopping off point for people traveling down the east coast of the South island.
