Teaching takes place in Livingstone town, a quaint but lively area very close to Victoria Falls. Travellers helps teach and guide students from 2 – 16 years of age, and your help is an important part of their development.

The children, enjoy seeing foreigners and absolutely love getting your attention!

The Teaching Programme

The schools we work with are private schools, but these are very poor schools that need as much support from volunteers as possible. Schools can be both secondary and primary and you will generally be asked to help out with any age groups. You will be able to teach a specific subject of your choice if you wish to, such as mathematics or science.

The schools themselves are quite small and incredibly basic - you will feel part of the family immediately! School sizes range from 100 to 150 pupils at one given time. This means that class sizes are also fairly small and very manageable, normally ranging from 20 to 30, although occasionally you may have smaller classes

One particular primary school was established by a UK volunteer and is funded purely by external donations. There are only four qualified Zambian teachers and one assistant teacher employed to teach primary classes. Their dedication and enthusiasm have resulted in fun and lively classrooms full of interest and activity.

Your help is most needed to free time for these hard working teachers to dedicate to other important work, and help supplement the education of these exceptional children.

This school also has a feeding programme in place for needy children and they hope to extend this to all children with the support of donors. They have also helped with funding to build homes for orphaned children. The children here are fantastic and the hard work and attitude of the teachers is heart warming.

The level of education of the children in Zambia does differ, and it will be up to you and the Principle to find out how best to use your skills. Most of the children are very shy to speak English and it's in this area that the help of our volunteers is needed – to give the children to confidence to speak the language. They ask for your support to help push the children's' education forward, and to help improve teaching techniques for the existing teachers, where possible.

The children and teachers that we work with in Zambia are fantastic - you will be greeted with huge smiles and a very warm welcome. Usually the children don't want to let you go and may even resort to clinging on to your legs to stop you from leaving. You are sure to enjoy every minute of your teaching experience!

On the whole the teachers and children will make you very welcome and you will spend a lot of your time visiting families and generally socialising.

Work Content

You will normally assist the Zambian teachers to start with, but depending on your ability you may be given complete control of a particular class or group. You will receive a lot of help and support from the Zambian teachers and staff at the schools to help you prepare for your lessons and settle you into your role as teacher; and, like all Zambians, they are very friendly and patient and are always willing to help.

The students are likely to be aged from 2 – 16 years of age, and your help is an important part of their development.

Teaching will be spread over anything from 10 to 20 hours per week and you are likely to work from 8am to 2pm from Monday to Friday, although this can vary from school to school.

Coaching Sports

In addition, for those of you who enjoy **sports**, you will be glad to know that sports are also a very popular subject for the children, and they would love for you to help out with the game periods which the schools have. The facilities are poor, but football and volleyball have quite a following. Some sports coaching takes place throughout the day, but most are after 3pm for an hour or two.

It is possible for volunteers to coach at various schools, orphanages, and with special arrangements it will also be possible to coach a local team.

Children in Zambia really are a joy to teach; their enthusiasm for sports really knows no bounds. Although for the vast majority coaching won't have a direct impact on their lives; indirectly it has immeasurable effects. Personality changes, health awareness, increased confidence and social skills are all benefits from the coaching they might otherwise fail to receive.

ACCOMMODATION:

You will be accommodated in a small, modern, and lively hostel situated in the centre of Livingstone. The hostel has a very large private garden shaded with huge mango trees, and a crystal clear swimming pool. It also has a lively, sociable bar area where many activities are arranged.

Livingstone has a colonial feel to it and you will find a wide variety of restaurants, bars, and shops. Your accommodation is ideally situated and can offer excellent trips to places such as Lusaka.

You will be required to share a room with other volunteers and travellers and are likely to share a room with people of mixed sex.

Facilities at the hostel currently include; a swimming pool, recreation room with TV, internet cafe with internet access, a dining and kitchen area where food can be stored and access to telephones.

The hostel also has an in-house booking centre, where many local activities can be booked (wildlife safaris, river cruises, river gorges, bungee jumping, white water rafting, treks, etc). They guarantee to offer the best deals in town and to beat any other lodge or booking centre!

Many guests comment on the quality of their staff. They are their greatest asset and many have worked for them in excess of 4 years with the longest serving 8 (since they first started). Staff turnover is very low and a family atmosphere has been created that adds tremendously.

They are also involved in a number of community projects, including raising over US\$2000 for a local school. They sponsor a local youth football team, the police regatta team, local fund raising events and an annual day out for orphaned children on World tourism Day. They also sponsor Independence Day celebrations.

There are plenty of opportunities to socialise with other volunteers and travellers.

COUNTRY PROFILE:

Until recently, Zambia has been overlooked by tourists, which was a pity because it has so much to offer tourists. Recently, however, the country has been gaining a reputation for being one of the greatest destinations to go to for a unique experience. On entering the country, you're instantly welcomed by generous locals and friendly faces. This will continue throughout your stay, either from a dozen school children running to greet you or a park ranger as he swerves the vehicle to get a better view of a lion! Zambia has such a diversity of activities and attractions that it is impossible to see everything unless you are there for a good amount of time.

Like most Africans, the people are very friendly and quick to flash their broad grins at you. The children, in particular, enjoy seeing foreigners and absolutely love getting your attention!

The terrain is mostly high plateau with some hills and mountains, and the flora in Zambia is amongst the best in the world. The great Zambezi River also forms a natural riverine boundary with Zimbabwe, making Zambia one of the most beautiful countries to visit.

Along the southern border of the country stretches Lake Kariba, the largest manmade lake in Africa and the second largest in the world. It is about 280kms long and 40kms across at its widest point.

Zambia has a population of 11,261,795, a total land area of 752,614 sq km (*land: 740,724 sq km, water: 11,890 sq km*), and 19 national parks. It borders Angola, Democratic Republic of the Congo, Malawi, Mozambique, Namibia, Tanzania and Zimbabwe. Zambia has a fairly stable economy which is based around mining, transport, construction, foodstuffs, beverages, chemicals, and textiles, and has a British style parliamentary democracy with a president and national assembly.

Climate: The general height of the land gives Zambia a more pleasant climate than that experienced in most tropical countries. There are three seasons - cool and dry from May to August, hot and dry from September to November, warm and wet from December to April

THINGS TO DO IN: ZAMBIA

- **The exciting viewing of Victoria Falls** "Thundering smoke" - that's what the local people of Zimbabwe call Victoria Falls. At the end of the rainy season, the immense amount of water thundering over the edge of the Falls literally forms an enormous cloud of thin spraying mist. You're absolutely drenched long before you reach the Falls themselves.
- **Extreme activities** at Victoria Falls, including bungee jumping, small plane flights over the Falls, and raft trips to the Boiling Pot at the base of the Falls where the water cascades down into the river. Victoria Falls is also the centre for some of the best safari and adventure opportunities in Africa. Canoe and kayaking safaris are available, offering one of the most exciting and memorable ways to experience both the Zambezi and the abundant game of Zambezi National Park.
- **Mosi-oa-Tunya National Park** covers an area of 66 square kilometers and is located in the southern province of Zambia near Livingstone town. It is home to the magnificent Victoria Falls and a wide variety of African wildlife, such as giraffe, white rhino, elephant, buffalo, impala, puku and warthog. The most frequently seen mammals include baboon and vervet monkeys.

VOLUNTEER FEEDBACK:

"Thank you so much for organising everything in Zambia! I had an unbelievable time! It was such a wonderful school and the pupils were so friendly and willing to learn (as were the teachers). I made so many new friends and discovered that I really did enjoy doing this kind of thing! Livingstone was a great place to be as it had amazing character and was so close to Victoria Falls. It was an amazing experience and one which I will never forget, I'll be sure to pass on the word to people"

Hamish Brown

I know that I would not have felt comfortable making a trip like this on my own. Travellers Worldwide was a good guide to enable me to see a part of the world I likely would not have seen without help and enabled me to meet people that I would not have met otherwise. The experience is one that will stay with me forever.
